SKILLS

- **Languages:** C, C++, Python
- **Technologies:** HTML, CSS, JavaScript
- **Databases/Tools:** My SQL, Git, GitHub
- **Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

Student Grade Calculator | [GitHub](#) Jan 2026

- Developed a web-based student result management system using HTML, CSS, and JavaScript.
- Added student details and subject-wise marks with automatic total and percentage calculation.
- Implemented grade and pass/fail result calculation using JavaScript.
- Added basic input validation for student marks.
- Used Local Storage to save student result data.
- **Tech Stack:** HTML, CSS, JavaScript

CV Maker | [GitHub](#)

- Developed a responsive CV Maker website using HTML, CSS, and JavaScript.
- Created forms for entering personal, education, skills, and project details.
- Implemented a live CV preview that updates dynamically using JavaScript.
- Added options to edit and clear CV information.
- Implemented print/download functionality for the generated CV.
- **Tech Stack:** HTML, CSS, JavaScript

TRAINING

Lovely Professional University | [Certificate](#) Jul2026

Python Programming – Summer Training of CDP

- Taught Python programming fundamentals to school students through interactive and learning sessions.
- Covered core concepts including variables, data types, operators, conditions, loops, and functions.
- Conducted hands-on coding exercises to improve students' programming and problem-solving skills.
- Used real-life examples and demonstrations to simplify technical concepts and improve student engagement.
- Collaborated with school authorities to conduct structured Python training sessions under the CDP initiative.

CERTIFICATES

- Introduction to Python | Saylor Academy Jan 2026
- Introduction to Cyber Security | Infosys Mar 2026
- Computer Programming | Iamneocolab May 2026

ACHIEVEMENTS

- Solved more than **200** programming problems on online coding platforms during regular practice and learning.
- Achieved the **LeetCode 50Days** Badge by maintaining consistent daily problem solving over time.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology-Computer Science and Engineering; **CGPA: 6.98** Aug2025-Aug2029
- **Padum Smriti Akshay Inter College** Gonda, UTTAR Pradesh
Higher Secondary Education; **Percentage: 64.6%** May2023-Mar2024
- **Padum Smriti Akshay Inter College** Gonda, UTTAR Pradesh
Secondary Education; **Percentage: 67.7%** Jun2021-Mar2022
